Proctoring, Precepting, Privileging & Practice Predicaments

Presented by Beth Bolyard & Catherine Ballard

Brickler & Eckler Attorneys at Law

Thursday, June 17, 2021

11:45AM – 1:00PM CST

This presentation will provide an overview for proctoring and preceptorships, including considerations for when proctoring is appropriate and when precepting is needed for your practice predicament, as well as options for credentialing and privileging.

After this program, the attendee should be able to:

- Describe practice predicament and be able to identify advantages, disadvantages, and roles for proctors and preceptors at your institution
- Determine when and what credentialing and privileging will be required for proctors and/or preceptors at your institution
- List steps to strategize for successful training experience with minimal disruption and risk to your institution
